CSci551: Computer Networks
SP2006 Thursday Section
John Heidemann

Project A

- class peer should now be up for all phases
- important project clarification about message packing
 - we will also review this briefly today
 - (and it was on HW2 :-)

Homework 2

- homework 2 was posted Feb. 9
- due date was due noon, March 1, 2006
 - (yesterday)

Midterm

- will cover all material through [Stoica03a]
 - i.e., syllabus class 7, but real class 8
- will be in different location
 - MHP 106, a much cooler room than this one
 - remote students: your proctor will have a different than usual phone number to call for questions
- first half of class
- lecture the second half of class
 - regular location

Midterm Sample Questions

- short answer
 - ex Q: what do we study in class?
 - A: network protocols
- medium answer
 - Q: what is the goal of class?
 - A: to learn the “why” behind protocol choices
- long answer
 - could be like the routing question on HW2
 - or could be more open ended, like “What is one thing you’d change about the Internet and why?”

Office Hours

- *no* office hours Tuesday March 7
- instead *extended office hours today*, March 2, from 1:30-3:30pm
